Culvert Replacement Notification (Brewery Street)

About the project

The Township of Wilmot has identified a culvert located on Brewery Street as needing immediate replacement due to its age and condition. This work has been awarded to Steed and Evans Limited from St. Jacobs to replace the road culvert.

- **Brewery Street** – Between Louisa Street and Village Green Way, adjacent to property 168 Brewery Street.

Construction is anticipated to start the week of August 4, 2025

Work is expected to start August 5, 2025, weather permitting and it is anticipated the work will be completed by August 18, 2025.

Access During Construction

During construction the contractor will maintain access to driveways and residences throughout the project. Please follow detour for directions around road closure during construction.

Waste Collection

The Township will work with the contractor to ensure municipal services are maintained including garbage pick-up. For curbside collection, please label all waste containers with your municipal address to ensure they are returned to the correct address. The contractor will be moving bins to a location outside the limit of the closure for waste/recycling collection. Bins will be returned at the end of day.

Communications

We request that you review this document, and if there are any questions or concerns regarding them, reach out to Township Staff to help us resolve any concerns. An inspector will be on-site from the Township throughout the project, or you can contact the undersigned for construction related questions.

Sincerely,
Joey Shearer, C. Tech
