- 2.130.1 **“Yard – Front”** means a yard extending from side lot line to side lot line and from and parallel to the street line, to the nearest part of the main building or structure on the lot, disregarding open terraces or steps. The closest point at which a building or structure may be located is defined in the zoning category under the heading “Minimum Front Yard Setback”.
- 2.130.2 **“Yard – Rear”** means a yard extending across the full width of the lot from side lot line to side lot line and extending from the rear lot line (or, in the case of a triangular lot, between the apex of the triangle formed by the intersection of the side lot lines) to the rear wall of the main building located on the lot. The depth of the rear yard, measured horizontally from the rear lot line (or, in the case of a triangular lot, from the apex of the triangle formed by the intersection of the side lot lines) to the closest point at which a main building may be located is defined in the zoning category under the heading “Minimum Rear Yard Setback”.
- 2.130.3 **“Yard – Side”** means a yard adjacent to the side lot lines and extending from the front yard setback to the rear yard. The width of the side yard (from side lot line to the closest point at which a building may be located) is defined in each zoning category under the heading “Minimum Side Yard Setback”.
- 2.130.4 **“Yard – Exterior Side”** means a yard adjacent to the exterior side lot line which extends from said lot line to the nearest part of the main building or structure on the lot. The closest part at which a building or structure may be located is defined in the zoning category under “Minimum Exterior Side Yard Setback”.
