

REFUND OF FINAL INSPECTION DEPOSIT

Please fill out this form to request the **Final Site Inspection** and the refund of the **Final Inspection Deposit**. Deposits are paid and refunded separately by permit type (septic or dwelling unit).

Dwelling Units Final Inspection Deposits

A final inspection must be requested (and pass) within **12 months from the date of occupancy for a dwelling unit** for permits related to new dwelling units.

Septic Systems Final Inspection Deposits

A final inspection must be requested (and pass) within **12 months of the installation inspection of a septic system** for permits related to septic installation.

Please note: a) Grass growth must be established, b) A period of approximately 6 months must pass from installation, and c) Final inspections can not be completed in adverse weather conditions (approx. December 1st to April 30th).
