

2017 Energy Efficiency Certification

Township of Wilmot

60 Snyder's Road West Baden, ON N3A 1A1 P. 519.634.8444 F. 519.634.5044

Project Address:	BUILDING A SURE FOUNDATION		
building shall affix their seal and signature in the applicable box thereby certifying that pursuant to Article 12.2.1.2. of Division B, of the Ontario Building Code, the energy efficiency levels act houlding has been designed and will be constructed to*: achieve the energy efficiency levels attained by conforming to the ANSI/ASHRAF/IESNA 90.1, "Energy Standard for Buildings Except Low-Rise Residential Buildings" AND Chapter 2 of Division 3, OR, will exceed by not less than 13% the previous required energy efficiency levels attained by Conforming to the CGBFC, "Model National Energy Code for Buildings" 1997 and exceeding by 25%, OR, Conforming to the ANSI/ASHRAE/ IESNA 90.1, "Energy Standard for Buildings" and exceeding by 5%. Isona 90.1, "Energy Standard for Buildings Except Low-Rise Residential Buildings" and exceeding by 5%. In the case of a shell building, the design values for the most stringent situation that is likely to occur has been assumed. This building is exempt from compliance because it is: A residential building within the scope of Part 9 that does not contain a residential occupancy or electric space heating that conforms to Division 5 of SB-10 A farm building appace which uses less than 12W/m" under peak conditions A A warehouse/storage building where the design indoor air temperature does not exceed 102C A numheated storage garage or Address City Province Date (YY/MM/DD) Professional Seal: Professional Seal: City Province Postal Code Professional Seal: Professional Seal: Professional Seal: Professional Seal	Project Address:	Application Nun	nber:
