

# Would your family hang out in the garage with the car running?

Fuel-burning appliances such as barbecues, fire pits/bowls/tables, heaters and generators can produce dangerous carbon monoxide (CO) gas that may cause sickness or death.

These appliances are intended for outdoor use only.

⚠ DANGER	
⚠ CARBON MONOXIDE HAZARD	
This appliance can produce carbon monoxide which has no odor.	
Using it in an enclosed space can kill you.	
Never use this appliance in an enclosed space such as a camper, tent, car or home.	

*Always follow manufacturer's warnings to avoid injury*

Fuel-burning appliances should **never** be used in an enclosed space such as a garage, tent, camper or home
