

TOWNSHIP OF WILMOT

Township of Wilmot Spring Program Cancellations

Baden, ON – April 3, 2020 – As another step in their coordinated emergency response to the COVID-19 global pandemic, on April 1, 2020, the Region of Waterloo and all area municipalities extended the public closure of municipal facilities until at least May 4, 2020.

As a result of this extended closure, today, the Township of Wilmot announced the cancellation of the Spring registered program session and all facility rentals until May 4, 2020. The Spring session was planned to run for the next nine (9) weeks and included swimming lessons, fitness programs and youth registered programs. With closures of the facilities extended to May 4, 2020 there would be inadequate time to complete the full curriculum of these registered programs.

At this time, all registered programs scheduled to begin later in May will continue as scheduled, unless a further extension of the facility closure is required. Registrants will be contacted via e-mail regarding the process the Township will take to withdraw registrants and place funds, as credits, on accounts or issue refunds, as required. A new e-mail address has been created to answer questions and assist with this process. Please use: recreationrefunds@wilmot.ca.

As a reminder, in addition to indoor recreation facilities being closed, outdoor recreation amenities also remain closed for your safety, including but not limited to playgrounds; the skateboard park; sports fields; the dog park; basketball and tennis courts; outdoor community gardens; picnic shelters; and other outdoor amenities.

Parks, open spaces and trails remain open to the public, however, physical distancing of at least 2m or 6ft must be practiced.

For some helpful resources including how to help stop the spread of germs, how to self-isolate, self-monitor and social distancing best practices, visit www.regionofwaterloo.ca/COVID19.
