Culvert Replacement Notification (Various Locations)

About the project

The Township of Wilmot has awarded Steed and Evans Limited from St. Jacobs to replace the following road culverts:

- **Berlett's Road** – Near the intersection of Sanhill's Road, adjacent to property 4503 Sandhill's Road. (Between Sandhill's Road and Notre Dame Drive)
- **Berlett's Road** – Adjacent to property 1446 Berlett's Road. (Between Notre Dame Drive and Wilmot Line)
- **Carmel-Koch Road** – Adjacent to property 2580 Carmel-Koch Road. (Between Sandhill's Road and Nafziger Road)
- **Sandhill's Road** – Adjacent to property 2181 Bridge Street. (Between Bridge Street and Oxford Waterloo Road)
- **Pinehill Road** – Near the intersection of Bridge Street. (Between Bridge Street and Oxford Waterloo Road)

Construction is anticipated to start the week of June 16, 2025

Work is expected to start June 16, 2025, weather permitting and it is anticipated the work will be complete at all locations by June 24, 2025.

Access During Construction

During construction the contractor will maintain access to driveways and residences throughout the project. Please follow detour for directions around road closure during construction. The Township expects the road closure to be less than 3 days at each location.

Waste Collection

The Township will work with the contractor to ensure municipal services are maintained including garbage pick-up. For curbside collection, please label all waste containers with your municipal address to ensure they are returned to the correct address. The contractor will be moving bins to a location outside the limit of the detour for waste/recycling collection. Bins will be returned at the end of day.
