

Beckdale Trails

On lands donated by the Schmidt Estate, as well as Stremma Developments, this 2.0 km stone dust multi-use trail will link Waterloo-Oxford DSS, Sir Adam Beck PS, and Brenneman Drive to Nafziger Road approximately 300m north of the Schmidt Woods trails.

In recognition of the farm on which the trails will be developed, the trail network over these donated lands will be referred to as the Beckdale Trails.

Construction of the trail is being completed and entirely funded by Schout Corporation.

Trails are anticipated to be open in late Spring 2020.
