

Volunteer Firefighter Recruitment

BADEN, Ontario – Thursday, September 2, 2021 – In response to the ever-growing need for new volunteer firefighters, the Wilmot Fire Department is inviting interested individuals to attend the Annual Firefighter Recruitment Open Houses, in September, in New Hamburg and New Dundee. Besides being a great way to serve one's community, being a volunteer firefighter has a number of benefits such as expert training and professional development. Each open house will offer an opportunity to speak with other volunteer firefighters and tour the stations.

When citizens need assistance, the Township of Wilmot firefighters respond to emergencies in our community. From car accidents to heart attacks, and house fires to technical rescues, Wilmot firefighters are there to protect lives and property. They are a special type of individual, with many different reasons for answering the 'call of duty'. These dedicated, professionals are the first line of defense to "answer the call" when an emergency event occurs in our community. Becoming a volunteer firefighter could be the most rewarding experience of your life.

The Open House events will be held at Station 3, New Hamburg on Wednesday, September 15 and at Station 2, New Dundee on Thursday, September 16. Both events will begin at 6pm sharp. You must register to attend, and are required to wear a mask during the presentation. All COVID safety protocols will be strictly enforced. The registration deadline for both events is Sunday, September 12, 2021.
